

# Maybridge plc - Material Safety Data Sheet

## 1. Identification Of The Substance/Preparation And Company

**Product Name** As per attached list

**Code** AS LABEL

**Chemical Structure**

**Supplier** Maybridge plc  
Trevillet  
Tintagel  
Cornwall  
England  
PL34 0HW

No Structure  
Available

**Contact Details** Telephone: +44 (0)1840 770453  
Fax: +44(0)1840 770111  
Emergency Telephone: +44 (0)40 2924616

Synonyms	Code	Name
	AS LABEL	As per attached list

## 2. Composition/Information on Ingredients

**Name** As per attached list

**CAS No**

## 3. Hazards Identification

### 4. First Aid Measures

<b>Eye Contact</b>	Immediately flush eye(s) with copious amounts of water and continue to do so for at least 15 minutes. If symptoms are severe and/or persistent, SEEK MEDICAL ATTENTION.
<b>Ingestion</b>	Wash mouth out thoroughly with copious amounts of water. Do not induce vomiting. If symptoms are severe and/or persistent, SEEK MEDICAL ATTENTION.
<b>Inhalation</b>	Remove from exposure, rest and keep warm. If exposure has been great or if symptoms are severe and/or persistent, SEEK MEDICAL ATTENTION.
<b>Skin Contact</b>	Remove all contaminated articles of clothing, shoes, gloves, etc. and immediately flush contaminated area with copious amounts of water and continue to do so for at least 15 minutes. If symptoms are severe and/or persistent, SEEK MEDICAL ATTENTION.

### 5. Fire Fighting Measures

**Fire Fighting** In the event of a fire involving this material, extinguish using dry chemical powder, chemical foam, sand or similar. DO NOT USE WATER. Protective clothing and breathing apparatus should be worn as deemed necessary.

### 6. Accidental Release Measures

**Environmental Precautions** Do not allow material to enter drains, water courses or to contaminate soil.

**Methods for Cleaning Up** Evacuate area. For large spillages, contain liquid within sand bund then remove both solids and liquid to closed containers. Store containers containing spillage outdoors in a secure, well ventilated area away from personnel.  
Evacuate area. In small quantities, absorb on sand, vermiculite, diatomaceous earth or any inert absorbent material then place in closed container for disposal. Store container containing spillage outdoors in a secure, well ventilated area away from personnel.

**Personal Precautions** See Section 8.

### 7. Handling And Storage

**Handling** This product should only be handled by persons suitably qualified and competent in the handling of potentially hazardous chemicals. It should be noted that the toxicological and physiological properties of this chemical may not be fully known (see section 11) and that new hazards may arise from the reactions between this product and other chemicals (see section 10). It is important that all persons intending handling this chemical read this sheet and are aware of the information given regarding fire, health and chemical hazard before proceeding further.

**Storage** Store in a sealed, light-proof container, away from oxidizing and/or reducing agents and any possible source of ignition. Container should be kept dry.

### 8. Exposure Controls/Personal Protection

**Eye Protection** Where a full face mask is not to be used, suitable protective goggles, eyeshields or approved safety glasses should be worn.

**Hand Precautions** Wear gloves or gauntlets which are non-permeable to material and any carrier solvent.

**Respiratory Precautions** Wear approved mask or respirator suitable for level and duration of exposure.

**Skin Protection** Wear suitable protective clothing as and when necessary.

### 9. Physical And Chemical Properties

**Appearance** No Data

**Odour** No Data

**Boiling Point** No Data

**Melting Point** No Data

**Flash Point** -----

**Molecular Formula** -----

**Molecular Weight** 0

N.B. The appearance is that of a representative sample. There may be some variance between batches.

# Maybridge plc - Material Safety Data Sheet

Density	No Data
Purity	No Data
Solubility in DMSO	No Data
Solubility in DMF	No Data
Solubility in CH <sub>2</sub> Cl <sub>2</sub>	No Data
Solubility in Me CN	No Data
Solubility in THF	No Data
Solubility in Me OH	No Data

## 10.Stability And Reactivity

Conditions to Avoid	This material should not be used or stored in conditions of high (or highly fluctuating) temperature or be exposed to any possible source of ignition. Exposure of the material to direct sunlight or the air should be kept to a minimum and a moist atmosphere avoided.
---------------------	---

## 11.Toxicological Information

Inhalation Toxicity	No Data
Oral Toxicity	No Data
Skin Toxicity	No Data
Toxicological Information (Generic)	No Data
Toxicological Information (Specific)	No Data

## 12.Ecological Information

Ecological Information	No Data
------------------------	---------

## 13.Disposal Considerations

Disposal Considerations	Arrange for the immediate collection of material by a licensed disposal contractor/company. All waste disposal must be carried out in consultation with the local Waste Disposal Authority and be in accordance with all national and regional regulations.
-------------------------	---

## 14.Transport Information

UN Number	No Data
IATA Class	No Data
IATA Packing Group	No Data
IATA Sub Risk	No Data
EINECS No	-----

## 15.Regulatory Information

Risk Phrases	No Data
Safety Phrases	No Data

## 16.Other Information

Generic	<p>The information on this Safety Data Sheet is correct to the best of our knowledge at the date of publication. However, the information should only be considered as a guide to safe handling, storage and possible use of the substance. We cannot accept liability for any loss, damage or injury which may result from its use. It is of paramount importance that all chemicals should be handled only by suitably qualified, competent personnel within a controlled environment.</p> <p>We shall ensure, so far as is reasonably practicable, that any revision of this Data Sheet is sent to all customers to whom we have directly supplied the material.</p> <p>Should any further information be required, this may be obtained from Customer Services at the address at the start of this sheet.</p>
Specific	Screening compounds should be handled with great care and all assumed to be toxic and irritant. Some compounds may have unknown carcinogenic or mutagenic properties. Some compounds will be flammable or chemically reactive.
